

*Brightens every corner:*  
The **LIGHTCLEANER** PRO

## LIGHTCLEANER PRO

### Surface treatment in a new dimension

- ◆ Cleaning, De-coating, Preparation even complex 3D structures
- ◆ Improved accessibility due to 6-axis head movement
- ◆ Free rotatable scanning line (360°)
- ◆ Treatment of various shapes and contours
- ◆ Easiest processing of complex structures without maskings
- ◆ On- and off-line programming
- ◆ Laser power from 100 - 300 watt

Examples for complex 3D surfaces,  
treated with the new **LIGHTCLEANER PRO**

## The new surface specialist

## LIGHTCLEANER PRO

### Convincing in all details:

- ◆ High precision in all treatment areas (sharp-edged)
- ◆ Continuous, smooth transition even in changes of contours
- ◆ Proven gentle surface treatment
- ◆ Very clean performance, no pre-treatment, no mechanical re-works required
- ◆ Easy integration in existing production lines or as stand-alone solution, modularly expandable
- ◆ Full automation guarantees a constant perfect quality
- ◆ Reliable process with improved profitability

## *Our Portfolio*

### *Process solutions for surface treatment*

- ◆ Preparation / Activation
- ◆ Cleaning
- ◆ De-coating / de-painting
- ◆ Material processing
- ◆ Marking

### *Automation of processes and applications for surface treatment*

### *Manufacturing of Lasers, Lasers systems and customized machines*
